- a. Ian gave a multimedia presentation about the new group, what it aims to achieve and how with the help and funding from neighbourhood renewal, can make a difference to the area
- b. Ian then discussed the groups '**21 ISSUES**' questionnaire project - a questionnaire to be distributed with the next newsletter to gauge the residents opinions about their neighbourhood. This information will be used to formulate the NMT action plan. Ian said the questionnaire was quite unique as it had never been tried this way before. Recipients can respond by mail, on the internet or even by mobile phone.
- c. Then followed an open discussion to identify issues affecting those present. All of the key priorities (Health and Well being; Crime and Anti-social behaviour; Education and Skills; Unemployment and Worklessness; Liveability and Environment) were

discussed and key issues recorded on a flip chart.
